EXECUTIVE SUMMARY

Raz De Trading & Services is a leading Systems Integrator focusing on the design, deployment and maintenance of security integrated automation systems solutions, hardware and software solutions and network infrastructure. Established in 2008, Raz De Trading & Services emerged as a leader in the deployment of security systems integration, software and hardware and wireless infrastructure.

Today, Raz De Trading & Services is part of the Raz De Group delivering technology contracting under three verticals including Network Infrastructure and Wireless services, Hardware & Software and Security Integrated Systems. This unique business model provides a highly technical and well-diversified installation force, which combined, enables us to handle larger and more complicated projects. Much of the labor force is cross-trained under multiple disciplines enabling labour to flow between projects to areas most needed at any given time.

As a locally-owned business, Raz De Trading & Services ownership brings formidable financial strength and support to the operation and offers a strong history of business success. Raz De Trading & Services operates out of a company-owned head office and warehouse facility strategically located in Kuala Lumpur to effectively service our clients throughout the Malaysia.

We partner with the Security Industry's leading manufacturers of proven technologies to deliver high-quality solutions to our clients. Raz De Trading & Services understands that Information Technology and Networking are critical to today's security automation infrastructure and we ensure our solutions incorporate today's standards.

Beyond its technology, Raz De Trading & Services boasts the strongest team of project managers, technicians, and support personnel available in the industry. Raz De Trading & Services is a locally owned and operated company and promotes an innovative and entrepreneurial culture within the organization. Raz De Trading & Services empowers our employees with decision making capabilities to ensure total customer satisfaction. In addition our after sales crew is working hard to meet the client satisfaction.

Supported by a highly skilled and proven technical team, Raz De Trading & Services is well positioned to respond to the growing demands in physical security, by providing fully integrated and scalable electronic security systems.

The name Raz De Trading & Services brings with it a history of almost than one decades of experience in the networking & wireless industry, hardware & software integration and security automation solution. We are committed to staying intimately in tune with our client's needs. Our strength lies not only in our ability to design and deploy customized, fully integrated solutions, but more importantly in our attention to the development of our relationships with our customer. Our goal is to become an extension of our clients' team in order to seamlessly facilitate the completion of any project. In forming a partnership with our client, we gain a unique understanding of our client's specific requirements as they evolve, thereby enabling us to promptly evaluate and adjust existing solutions to meet the changing needs of our client.
